Please list some of your accomplishments achieved during your racing career. I made it in business for 20 years!!! 2006 one win ended up 14th for the season and I started racing at the midseason race.

Tell us about a funny or memorable moment you have experienced while racing. My car burst into flames at Jackson Speedway. I made it out but will never forget it.

When did you start building your car this year, and how often do you work on your car in the off season? I start building my car in January, we work on the car 2 to 3 times a week and just before racing starts we are working on the car almost every day.

Jim lives at 2800 Klondike Trail Sioux Falls

He owns a repair shop and a towing company.

When Jim's not racing or working he loves to go fishing.
