Please list some of your accomplishments achieved during your racing career. 2001 I was rookies of the year in the NMRA Association, also in 2001 I was rookie of the year at Lake County Speedway and in 2003 I was the Sportsman of the year at Huset's and at Lake County Speedway.

Tell us about a funny or memorable moment you have experienced while racing. We will just say that in March of 2006, Interstate 10 in Louisiana, had a full moon at 11:00 in the morning.

"I'd say that someone should check into this further and get the story on this one."

What advice would you offer to someone who is considering building a racecar or to someone who has just started racing?

Ryan says that you don't learn this stuff overnight. Take every night as a learning experience and it will eventually come natural to you.

Ryan lives at 44280 222nd St

He works as a Heating, Ventilation, and air conditioning tech.

When Ryan is not racing he loves to spear carp, farming and just relaxing.
