Please list some of your accomplishments achieved during your racing career. 2001 IMCA Super Nationals Champion in Boone Iowa, Rookie of the Year at I-90 Speedway and Husets Speedway 1995 Donovan has raced for 22 years now. Way to go!

Tell us about a funny or memorable moment you have experienced while racing. At the 2001 Super Nationals race the rear end went out in the heat race so we started dead last (24) in the feature and we **WON!!!**

What advice would you offer to someone who is considering building a racecar or to someone who has just started racing? Buy Golf Clubs! No seriously be prepared for lots of hard work and spending your money. Get good sponsors and take care of them.

When did you start building your car this year, and how often do you work on your car in the off season? The car got started in October and we average between 2 to 3 nights a week to get our car ready to race.

Donovan lives at 3705 16th Ave West in Brookings

He works at Metal Worx Environmental Systems In Brookings
